# *DIGITAL PORTFOLIO :*

Online portfolios are often called as digital portfolios or e-portfolios

## *USERS OF PORTFOLIO:*

*STUDENT PORTFOLIOS ARE MOST EFFECTIVE  
WHEN THEY ARE USED TO EVALUATE  
STUDENT LEARNING PROGRESS AND  
ACHIEVEMENT*

When portfolios are used to document and evaluate the knowledge of the student, teachers can use them to adopt instructional strategies

- Portfolios can help teachers monitor and evaluate learning progress over time.

Tests, quizzes and assessment, give teachers information about what students know at a particular point in time

- Portfolios help teachers determine whether students can apply what they have learned to new problems and different subject areas

A test can help teachers determine, for eg., if students have learned a specific mathematical skill, can able to apply that skill to complex problem in economics, Geography, civics

- Portfolios can encourage students to take more ownership and responsibility over the learning process

Portfolios are a way for students to critique and evaluate their own work and academic progress
